# PART 2
## 1984 MONTANA BIG GAME REGULATIONS

This portion of Montana big game hunting regulations includes season dates and bag limits for the 1984 deer and elk **general** hunting seasons. **General** seasons as referred to in this text are for holders of deer and elk licenses which are **not** issued through a drawing, nor issued as surplus licenses after a drawing.

For information about antelope, moose, sheep, goat, bear and mountain lion seasons and for deer and elk licenses and permits issued through drawings, see **Part 1** of the big game regulations.

By order of the Montana Fish and Game Commission, the seasons, limits and regulations listed herein shall govern the 1984 general deer and elk seasons and special deer and elk archery seasons. These regulations valid March 1, 1984 through February 28, 1985.

Montana Fish and Game Commission
James W. Flynn, Secretary, March 9, 1984

**For larger maps see Part 1 of big game regulations. Regulations and legal descriptions of hunting district boundaries available from fish and game license agents and from Fish, Wildlife and Parks Department offices.**

# GENERAL REGULATIONS

### Caliber

There are no caliber limitations. It is prohibited to use any poisonous, explosive, or deleterious substances on or in any arrowheads, bullet, or projectile. It is prohibited to use a shotgun to shoot deer except with loads of 0 buck, 00 buck or single ball loads.

### Checking Stations

Hunters and fishermen are required to stop at checking stations on their routes of travel to and from hunting and fishing areas. Vital hunting and harvest information is gathered at checking stations.

### Evidence of Sex and Species

Hunters taking big game must leave evidence of sex and species attached to the carcass. In addition, hunters taking elk or deer during antlered only seasons must be able to show on demand for inspection the complete head and antlers.

Evidence of sex must be left attached to the carcass of a big game animal until the carcass is processed (cut up). The game tag must remain with the processed meat.

The evidence of sex requirement is met when the head, horns or antlers are left naturally attached to the whole carcass or a front quarter. If the head is removed, some other external evidence of sex (either scrotum, penis, testicles for male animals, or udder for female animals) must remain.

### Game Limits

Unless otherwise specified, the limit of big game for each license year shall be one of each species of big game, subject to sex and age specifications as designated on regulations.

### Game Tags

When you have killed your game animal, cut out the proper month and day from the carcass tag and immediately attach the tag to the carcass so it remains visible at all times.

### Hunting Hours

Authorized periods shall be from one-half (½) hour before sunrise until one-half (½) hour after sunset each day of the hunting season. (See sunrise-sunset tables).

### Hunting Districts

The state has been divided into legally described hunting districts designated by numbers, wherein the limits, season dates, species and sex of game animals which may be taken are specified. These districts are as shown on the maps for Deer, Elk, Bear, Mountain Lion, Antelope, Moose, Bighorn Sheep and Mountain Goat Hunting Regulations and are more particularly described in that document entitled "Legal Descriptions." Legal descriptions are available at Fish, Wildlife and Parks offices and at agents that sell hunting and fishing licenses.

### Marked Animals

Hunters may encounter big game animals that have radio collars, neck bands or markers. It is legal to shoot such animals, but markers and radios must be returned to the Department of Fish, Wildlife and Parks.

### Vehicle Travel Restrictions

Hunters must not drive off established roads or trails except to get big game carcasses that would otherwise be difficult to retrieve, in which case a motor-driven vehicle may be used to retrieve the carcasses, except in areas where more restrictive regulations apply or where the landowner has not granted such permission. Vehicles used to retrieve game must take the shortest possible routes to and from established roads or trails. On federal lands contact the nearest agency office. Certain roads on public lands are closed to vehicles. For current status of closures, contact the appropriate agency (Bureau of Land Management, U.S. Forest Service, Bureau of Reclamation, U.S. Fish and Wildlife Service).

### Permission to Hunt

Montana law requires that big game hunters must have obtained permission of the landowners, lessees or their agents before hunting big game animals on private property.

### Access

Leased state lands may be posted to trespass by the lessee.

Private landowners are not required to provide access to state lands that are accessable only across private property.

### Clothing Color

With the exception of archers during special archery seasons, it shall be unlawful for any person to hunt big game animals or to accompany any hunter as an outfitter or guide without wearing exterior garments above the waist totaling not less than four hundred (400) square inches of hunter orange material, visible at all times while hunting.

### Littering

A person convicted of littering while hunting, fishing, camping, or trapping shall forfeit his license or privileges to hunt, fish, camp or trap within Montana for a period of one year.

### Importation of Horses and Mules

The Montana Department of Livestock requires an animal health permit prior to entry. For information call 406/444-2043. A brand inspection is required within Montana.

### Game Parts - Suitable for Food

Montana state law prohibits the waste of any part of any game animal, game bird, or game fish suitable for food. Following are guidelines as to parts "suitable for food."

**Big Game:** All of the four quarters above the hock including loin and backstrap. (Black bear, grizzly bear and mountain lion are excluded by law.)

**Game Birds:** All birds that fall into the size category of the partridge or smaller, only the breasts must be retained.

**Migratory Waterfowl:** All birds that fall into the size category of a teal duck or smaller, only the breasts must be retained.

All birds larger than a teal duck up to the size category of a mallard duck, the breasts and the thighs must be retained.

All birds larger than mallard ducks, the breasts, thighs and wings must be retained.

## SPECIAL ELK ARCHERY SEASON

Only long bows and arrows (including compound bows, but not crossbows) may be used for hunting of killing elk during special archery seasons. An archery stamp in addition to the proper hunting license is required of all hunters during special archery seasons. Licensed hunters may use archery equipment **without** archery stamps during regular gun seasons unless specified otherwise under district hunting regulations.

It shall be unlawful for archers to use any livestock to kill, take, attempt to take, or harass elk during the elk archery season. This shall not prohibit the use of livestock to get to the hunting area or to remove downed game animals.

**Deer and elk hunting districts other than exceptions described below open to archery hunting only for either sex elk Sept. 8, 1984 through Oct. 14, 1984.**
